But as it is right now, I'm just thinking about my pro test next week

You've gathered quite a bit of attention with the incident

How do you feel about it?

To tell you the truth .....

Nothing at all

It seem's that there are people in this world that truly suspect that I'm the real culprit but...

Hm?

How goes the research on that family of murderers?

Kimura .....

Rie is pretty upset about it

Oh!

Oh?

Show me the pictures you took

He was acting like a pretty rude brat to her

These are them

Here

He has a nice uncaring face doesn't he?

Mind going and checking it out for a bit?

He's gonna have his pro test soon!

Oh, Is that so?

Ugh

If you don't like it we can always just sneak you in some-where

Don't you have the free time?

You're making me do it?

Eh?

I don't really know the whole story with that ....

But whats the deal with that family of murde-rers?

His debut test is next friday

I've got some time on that day!

Sounds good!

His father ...

Is serving time for murder at the minute

Really?

And last month his brother was arrested for murder as well

2 out of the 3 in the family are killers

That's some-thing amaz-ing

They say that when his brother was arrested he was with him at the time...

People are wondering if he helped with the murder

He's being suspected as well

It's a little exciting haha!

It's really interesting huh?

A person like him becoming a pro boxer

If he managed to kill his opponent in the ring then the family of killers would be complete
